

Dr. Smith Aesthetics logo, shopfront window

Artwork file supplied

- **DSA-logo-sticker-67x21cm.pdf** (or **.svg**), vector, sized exactly 67 x 21 cm
- Artwork is fully scalable with no quality loss. Please do not change the proportions.

Size

Confirmed production size: 67 cm wide x 21 cm high. The supplied PDF page measures exactly this size, so no scaling is needed. The window is 115 cm wide. Please do not stretch or distort the logo.

Colour

-  **Single colour: dark teal, HEX #002436** (RGB 0 36 54)
- Closest standard vinyl shades: deep navy / dark petrol. Please match to HEX where possible.
- The white areas of the logo are cut-outs. The glass shows through them.

Recommended product

- **Cut vinyl graphics** (computer-cut lettering, not a printed rectangle)
- The "Dr." box is a solid vinyl block with the letters cut out; "Smith" and "AESTHETICS" are individual cut letterforms, supplied pre-spaced on application tape.
- Quality: 5 to 7 year exterior-grade gloss or matt vinyl (e.g. Oracal 751 or similar)

Application

- Applied to the **shopfront glass**, viewed from the street.
- Preferred: supplied for **inside-glass application, viewed from outside** (mirrored with face adhesive), which protects it from weather and cleaning.
